READ—

The following letter No. 5252, dated the 1st September 1910, from the First Assistant to the Hon'ble the Resident in Mysore.—

"I am directed to state, for the information of the Durbar, that the Government of India have adopted the following principles to be observed in all cases in which land may be required in future for railways in Native State territory:—

(1) Durbars will receive compensation for waste lands required for State Railways proper, and State Railways worked by Companies. In the case of Companies' Railways, the terms of whose contract provide for the free grant of land, such lands must be ceded free of charge as is done by the British Government.

(2) In the case of all other lands, the Durbars will receive compensation to the extent of any outlay incurred by them in its acquisition, *e.g.*, by payments to occupiers, etc.

(3) They will also receive some compensation for extinguished land revenue, the amount to be settled by negotiation in individual cases, due regard being had to the indirect advantages accruing to the Durbar from the Railway.

(4) Estimates of the compensation to be granted will be framed by an officer appointed by the Government of India or the Local Government concerned, with whom will be associated a Durbar official, and a Railway official. The estimates will subsequently be approved by higher authority.

2. I am to add that the Government of India are pleased to direct that these principles should be held to supersede the provision of Article 15 of the Instrument of Transfer which requires His Highness the Maharaja to grant all such land free of charge."

No. R. 2931-40—L. R. 96-10-2, DATED BANGALORE, 7TH NOVEMBER 1910.

ORDER THEREON.—Recorded and communicated to the Revenue Commissioner in Mysore, the Secretary to Government for Railways, and the Deputy Commissioners of Districts, for information and guidance.

The following letter No. 1594, dated the 16th March 1911, from the First Assistant to the Hon'ble the Resident in Mysore:—

"I am directed to refer to this office letter No. 5252, dated the 1st September 1910, communicating the principles to be observed in all cases in which land may be required for Railways in Native State territory.

2. As some uncertainty appears to exist as to the circumstances in which it is necessary to have recourse to the appointment of the Committee mentioned in clause (4) of the

letter referred to for the purpose of framing estimates of the compensation to be granted by the Railway Administration to the Native State concerned, I am to explain that it is the intention of the Government of India that the following procedure shall be observed :—

In all cases where it is proposed to acquire land from a Native State for railway purposes, the estimates framed by the Durbar, of the compensation payable, shall be forwarded, in the first instance, to the Railway Administration concerned, who should be given all necessary facilities for checking them. If such estimates are accepted by the latter, they shall be treated as a settlement, but in cases of differences of opinion a special officer shall be appointed in accordance with clause (4) to frame estimates of such items of compensation payable under clauses (1), (2) and (3), as are in dispute, and to submit them for the approval of Government. The foregoing procedure is subject to the proviso that in the case of the acquisition of lands on a small scale, as, for instance, lands required for open line railway works, where differences of opinion occur as to the compensation payable, the Political Officer concerned shall, if both parties signify their consent in writing to such a course, decide the amount of compensation to be paid, and his decision shall be final."

No. R. 274-83—L. R. 96-10-4, DATED BANGALORE, 12TH JULY 1911.

ORDER THEREON.—Recorded and communicated to the Revenue Commissioner in Mysore, the Secretary to Government for Railways and the Deputy Commissioners of Districts for information.

2. All estimates of the compensation payable for lands that will have to be acquired for Railway purposes should be submitted to Government in the Railway Department for taking needful action in accordance with the procedure laid down in the letter read above.

2. Government Order No. R. 274-83—L. R. 96-10-4, dated 12th July 1911, communicating the further instructions of the Government of India in regard to the procedure to be observed in framing estimates of the compensation for such lands.

The following letter No. 5383, dated the 4th September 1911, from the First Assistant to the Hon'ble the Resident in Mysore :—

"I am directed to invite a reference to this office letter No. 5252, dated the 1st September 1910, communicating the principles to be observed in all cases in which land may be required for Railway in Native State territory.

2. I am to say that, as a corollary of the change of policy therein enunciated, the Government of India have decided that if a Native State constructs a railway, part of which lies in British territory, and land has to be taken up there for that purpose, the State concerned will be required to pay compensation for the land so required, to the same extent as Durbars now receive compensation for land acquired from them for Railway purposes."

No. R. 2057-66—96-10-6, DATED BANGALORE, 24TH OCTOBER 1911.

ORDER THEREON.—Recorded.

ACCOMPANIMENT 4.

Letter No. 6452, dated 17th October 1913, from P. B. Warburton, Esq., I.C.S., First Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to invite a reference to the letters from this office which are cited in the margin, communicating the principles to be observed in the payment of compensation for land required in British India and in Native States for Railway purposes.

No. 5252, dated 1st September 1910.
No. 1594, dated 16th March 1911.
No. 5383, dated 4th September 1911.

2. An examination of these instructions has disclosed the fact that there are some minor points which might give rise to difficulties, to avoid which the Government of India are pleased to lay down the following revised principles for future observance:—

(1) When land in British territory is required for the purposes of a railway constructed or to be constructed at the expense of a Native State, such land as is in private ownership will be acquired by the British revenue authorities as for a public purpose, under

the provisions of the Land Acquisition Act. The Durbar will be required to pay as compensation for the land made over to them, the actual amount of the awards paid in the case of private land, and in the case of Government land, the full market value, *plus* such incidental items of expenditure as the cost of establishment, demarcation, stationery. The Durbar will also be required to pay compensation for the value of extinguished land revenue, the amount to be settled by negotiation in individual cases, due regard being had to the indirect advantages accruing to the British Government from the railway. Where differences of opinion between the Durbar and the Revenue authorities occur as to the compensation payable on account of extinguished land revenue, an arbiter shall be appointed by the Local Government concerned or, in the case of Durbars in direct political relation with the Government of India, by the Government of India, and his decision shall be final.

(2) Before making an award in the case of private land to be acquired for a Durbar the responsible officer will give sufficient notice to the officer of the Durbar concerned, and will take into consideration any representation which such officer may make, whether it is made orally or by letter. More especially he will, before making the award, allow such officer an opportunity of appearing in person or by agent and of producing evidence as to the value of the land.

(3) When land is required in Native State territory for the purposes of State railways proper or railways worked by Companies, the general principle to be observed is that, so far as possible, the same degree of compensation shall be paid to the Durbar as is payable by Durbars under the provisions of the preceding clauses; where, however, the terms of a Railway Company's contract provide that land in Native State territory shall be provided free of cost by the Secretary of State, waste land so provided shall be ceded free of cost by the Durbar. Where the terms of a Railway Company's contract provide that the Secretary of State will use his good offices to secure the provision of land in Native State territory free of cost, the question whether compensation will be paid or not will be left for negotiation between the Political authorities and the Durbar.

(4) In order to give effect to these general principles the following procedure should be adopted:—

In all cases in which it is proposed to acquire land for railway purposes and the Durbar are entitled to compensation, estimates of the amount payable will be framed as expeditiously as possible by the Durbar, and forwarded to the Railway Administration concerned, who should be given all necessary facilities for checking the estimates. If such estimates are accepted by the latter, they will be treated as a settlement. Where, however, differences of opinion between the Durbar and the Railway Administration concerned occur as to the compensation payable, or where the amount of an award is raised by action in a Court of Law and the Railway Administration is not prepared to pay to the Durbar the increased sum demanded, arbitration will take place. If both parties signify in writing their consent to such a course, the arbiter shall be the Political officer concerned, and his decision will be final. In other cases the compensation payable will be assessed by an arbiter appointed by the Government of India, or in the case of a Durbar which has not direct political relations with the Government of India, by the Local Government concerned. With this arbiter will be associated a representative of the Durbar and a railway official, and the award will be final. In these latter cases the arbiter will decide the incidence of the cost of the arbitration.

(5) In determining the amount of the compensation payable, Political Officers and other arbiters will be guided by the general principle that the amount shall be equivalent to what would have been payable by the Durbar had acquisition taken place in British territory and had compensation been assessed in the manner laid down in clause (1), *ante*

(6) Where land is acquired either for a Durbar's Railway in British territory or for a State Railway or Railway worked by a Company in Native State territory, the compensation paid under the provisions of the foregoing clauses will be held to cover the right to quarry stone and to excavate sand, clay, earth or other material for the purposes of the Railway on the land so acquired without payment of royalty.

Accompaniment II.

Letter No. 7012, dated Bangalore, 28th September 1914, from P. B. Warburton, Esq., I. C. S., First Assistant to the Hon'ble the Resident in Mysore, to the Dewan of Mysore.

I am directed to refer to my letter No. 6452, dated the 17th October 1913, regarding the principles to be observed in the payment of compensation for land required for Railway purposes.

Land Revenue, dated 2nd November 1914.

2. In paragraph 2 (3) of the abovementioned letter, it is stated that where the terms of a Railway Company's contract provide that land in Native State territory shall be provided free of cost by the Secretary of State, waste land so provided shall be ceded free of cost by Durbars. After further consideration of the matter, the Government of India are of opinion that these instructions do not correctly interpret the intention of the Secretary of State's orders on the subject, and that Durbar waste lands should be assessed for compensation in all cases, on the same lines as Government waste lands for whatever description of railway such land is required. I am accordingly to request that the following amended paragraph may be substituted for paragraph 2 (3) referred to above, namely :—

" 2 (3) When land is required in Native States territory for the purposes of State Railways proper, or State Railways worked by Companies, or Companies' Railways, the' general principle to be observed is that, so far as possible, the same degree of compensation shall be paid to the Durbar as is payable by Durbars under the provisions of the preceding clauses. Where the terms of a Railway Company's contract provide that the Secretary of State will use his good offices to secure the provision of land in Native State territory free of cost, the question whether compensation will be paid or not will be left for negotiation between the Political authorities and the Durbar."

Government Order No. R. 5127-75—L. R. 301-12-6, dated the 9th January 1914, directing that qualified Government officials selected by Deputy Commissioners to undergo training in the Shekdari class at Mysore be granted half their salary as a stipend during the period of their training in the school.

READ—

Correspondence ending with letter No. 2745, dated the 1st September 1914, from the Revenue Commissioner in Mysore, soliciting instructions as to (i) whether substitutes appointed in place of the officials deputed for training in accordance with the Government order referred to above may be given full pay, and (ii) whether the officials under training have to be considered as on duty or on leave.

No. R. 3351-401—L. R. 209-14-6, DATED BANGALORE, 7TH NOVEMBER 1914.

ORDER THEREON.—Government are pleased to direct that the stipends granted to officials under training be treated as an extra charge to be met from the anticipated savings in the budget under pay for shekdars, and that the substitutes appointed in their places be given full pay in the departments concerned if satisfactory arrangements cannot be made otherwise.

2. The officials who undergo training may also be allowed to count the period of their training for purposes of pension and increments.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 11th November 1914.

READ—

Clause (2) of paragraph 10 of Government Order No. 6058-6107—L. R. 430-13-1, dated 6th February 1914, directing that a sum of Rs. 2 lakhs be provided annually in the budget for sanctioning grants-in-aid of village improvement works chiefly in villages which are not Unions and as such have no funds at their disposal to spend.

No. R. 3441-51—L. R. 10-14-44, DATED BANGALORE, 11TH NOVEMBER, 1914.

ORDER THEREON.—It has been brought to the notice of Government that petitions have been received from the residents of certain villages which have been constituted into Unions, requesting the abolition of the Unions and the substitution of Village Improvement Committees in their stead. This is evidently due to the direction in paragraph 10 of the Government Order read above that grants-in-aid of village improvement works should be sanctioned chiefly in villages which are not Unions. With a view to extend to Unions also the full benefits of the Village Improvement Scheme, Government are pleased to direct that in Union villages, wherever the villagers raise voluntary contributions, independently of the ordinary Union revenue, for village improvement works, grants-in-aid calculated on such contributions may be sanctioned just as in other villages under para 10 of the Order dated 6th February 1914.

The following extract from the summary of discussion on Subject No. 147 mooted in the Representative Assembly of 1911.

"It is suggested that the patta form may be so modified as to contain only the details of the holding of a person and the amount payable, and that receipts in counterfoil books be introduced for being granted to parties at the time of payment of assessment."

2. Correspondence ending with letter No. 4067 dated the 8th September 1913 from the Revenue Commissioner in Mysore stating that it is not desirable to alter the present patta form; and that, in cases where the patta is not produced for the acknowledgment of the payment of assessment, separate receipts from printed books with foil and counterfoil forms may be given.

3. Government Order No. 7076-86—L. R. 597-05-5 dated the 10th March 1909 directing that, to enable persons not in possession of pattas to have vouchers in support of payments made by them, an extract from the Khirdi be granted by Shanbhogs to such persons on demand and on payment of the fee prescribed therefor.

4. The unofficial note of the views of the Superintendent of Survey and Settlement.

No. R. 3583-93—L. R. 240-12-5, DATED BANGALORE, 16TH NOVEMBER 1914.

ORDER THEREON.—Government agree with the Revenue Commissioner and the Superintendent of Revenue Survey that it is inexpedient to modify the present compact form of the *patta*.

2. With a view, however, to provide facilities to payers of kandayam, who are unable to produce *pattas*, for obtaining acknowledgment for payments made by them, Government approve of the proposal to grant, free of cost, separate receipts to them in the appended form, from printed books of foil and counterfoil forms paged consecutively.

3. This order does not in any way rescind the order of the 10th March 1909 read above, under which persons who desire to have Khirdi extracts may obtain them on payment of the prescribed fee.

4. The Revenue Commissioner is requested to take early steps to get the counterfoil receipt books printed in Kannada at the Government Press and supplied to all the districts with necessary instructions for their use.

Dasara Representative Assembly Subject No. 531 of 1913, suggesting that shaped stones might be permitted to be generally substituted for earthen bandhs.

2. Letter No. 40, dated the 18th September 1914 (printed below), from the Superintendent of Revenue Survey in Mysore on the subject.

"With reference to your letter No. R. 2209—L. S. 15-14-2, dated the 15th September 1914, calling for my opinion regarding the request for permission to substitute stones for bandhs (Representative Assembly Proceedings Subject No. 531 of 1913), I have the honor to state that dressed stones are allowed by the rules at the corners of wet and garden fields in lieu of bandhs or earthen mounds; and that in dry fields bandhs are put up by the Survey Department chiefly at the corners, and occasionally between corners when the side happens to be very long; exception being made in spots where bandhs cannot be expected to stand on account of rush of water. Bandhs have, in all other cases, been prescribed in preference to other practicable modes of demarcation because they are very generally easier to put up, easier to renew, but above all because they are far more difficult of removal or obliteration. Re-survey results show that for every bandh that has disappeared entirely, about 20 stones are missing. How easy it is to remove stones was strikingly proved to me by an incident that took place in 1904, when I was conducting Re-survey in Sorab Taluk. At the test of a village bordering on the Dharwar District, matters were found satisfactory so far as field demarcation was concerned, but I heard subsequently that no less than a hundred of the stones were removed after the test, and returned to the fields of the neighbouring British village, whence they had been brought over on a loan so to speak, for the purpose of Re-survey. Stones are in use in most of the districts of the Madras Presidency, but I have heard from good sources that tampering has been the source of a great many offences among the ryots there, inclusive at times of crimes against life itself. I am certain that the maintenance of the integrity of boundary marks is a matter of anxiety to the Madras Survey Department. Of course, if stones sufficiently large of size to make encroachments as difficult as they ought to be, could be used, nothing would be easier than to vote for stones. But the cost of such stones would be prohibitive; and as stones of the ordinary size are easy to displace, and as for this very reason the general body of our ryots are not likely to favour the suggestion, I am of opinion that it would be not good to adopt the proposal."

No. R. 3805-14—L. S. 15-14-4, DATED BANGALORE, 25TH NOVEMBER 1914.

ORDER THEREON.—Government agree with the Survey Superintendent that for the reasons given by him it would be undesirable to modify the rules as suggested. The Revenue Commissioner is requested to inform the Representative Assembly Member who mooted the subject accordingly.

ORDER THEREON.—Scarcity of fodder was an outstanding result of the recent drought, and it ought to have been evident that the effect on live-stock demanded anxious attention, Government are rather disappointed to note that adequate arrangements do not seem to have been made to secure correct information in regard to cattle mortality due to seasonal conditions. The omission is pointed out for future guidance.

Order.—According to Government Order No. 5026-71—G. F. 16-12-28, dated the 10th March 1913, which lays down the rules under which advances may be given for the purchase of motor cars or motor cycles, advances are admissible only to 'touring officers'. Under the strict application of this rule advances are now inadmissible to officers whose range of duties does not extend beyond the limits of a City. Government, however, consider that in the case of some officers who have to move about constantly within the limits of a large city like Mysore or Bangalore, the possession of a motor conveyance will facilitate and expedite work. They are therefore pleased to extend to such officers the benefit of the order referred to above.

Memo No. 232, dated 30th July 1914, from the Officiating Secretary for Railways, forwarding letter No. 393—Rys. O. L. 84, dated 20th July 1914, from the Comptroller, Public Works and Railway Branch, regarding the establishment required for the audit of open line accounts.

No. FL. 2232-3—G. F. 15-14-3, DATED BANGALORE, 26TH NOVEMBER 1914.

ORDER THEREON.—The Comptroller states that arrangements are to be made for the audit of the accounts of the marginally noted lines of Railway under Government management with a total mileage of 77 miles portions of which are already open for traffic and the whole of which is expected to be fully working by the beginning of January next.

The Bowringpet Kolar Railway.
The Tarikere-Yedahalli Tramway.
The Bangalore-Chikballapur Light Railway.

2. The existing establishment of the Open Line Audit Section of the Comptroller's office, which is engaged on work relating to the newly opened Bowringpet-Kolar Railway, consists of the following hands :—

			Rs.	
Hands borne on the Railway Construction Audit Section but actually working in the Open Line Section.	1	Accountant	...	100.
	1	Accounts clerk	...	50.
	1	Mutchi	...	15.
Hands paid from the Bowringpet-Kolar Railway Revenue Account.	1	Cashier	...	40 working at Kolar.
	2	Clerks	...	40 each.
	1	Clerk	...	35.
	1	„	...	25.

Besides these there are two other hands attached to this section for work in connection with the old open lines worked by the Madras and Southern Mahratta Railway. The Accountant on Rs. 100 supervises the work of the old and new open lines.

3. The Comptroller explains that though only four hands at a cost of Rs. 150 were provided in the authorisation roll of the Bowringpet-Kolar Railway for the work of audit and accounts, this staff was found inadequate for the work of this railway which, though small in length, has to be worked as an independent system and that it was therefore found necessary to strengthen the establishment by deputing three hands from the Railway Construction Audit Section as already reported to Government.

4. With the increased mileage of open lines and the necessity for the Construction Audit Section being allowed to retain its full complement of men, this temporary makeshift cannot be continued longer. Further, the charges relating to the audit of accounts of open lines should be properly borne by the revenue account of the lines concerned and not by the Government. It is therefore considered that the required staff for open line work should be entertained at the expense of the Railways concerned and a combined establishment at a cost of Rs. 1,086-8-0, as noted below, is proposed for the work of the above three open lines each line bearing a share of the total charges proportionate to its gross earnings.

		Rs.
1	Superintendent	140-10-200.
1	Accountant, 3rd grade, for supervision of Traffic Audit and General Audit Section	75- 5-100.
1	Accountant for inspection of station and other accounts ...	75- 5-100.

	No.	Pay Rs.	Amount Rs.
Clerks Audit and Accounts ...	20	70 and below	500.
Cashiers and pay clerks ...	3	50 and below	140.
Ticket printer	1	Not exceeding 25	25.
Mutchi ...	1	Not exceeding 15	15.
Peons ...	4	on 10 and below	35.

Financial (General Finance), dated 26th November 1914.

It is also proposed that the exact rates of pay to be allowed to clerks on less than Rs. 70 and to peons generally, be left to the discretion of the Head of the Office.

5. In the circumstances explained, Government are pleased to approve of the above proposals of the Comptroller and sanction the establishment as noted in paragraph 4 above for the audit account and pay work of the three lines Bowringpet-Kolar Railway, Tarikere-Yedahalli Tramway and Bangalore-Chikballapur Light Railway. The whole establishment should not be entertained at once but appointments found necessary from time to time may be made against the sanctioned scale, roughly in proportion to the lengths opened for traffic from time to time.

6. The establishment sanctioned will be permanent but non-pensionable and the establishment allowed for the old open line will continue as hitherto.

Letter No. 1912, dated 16—17th February 1914, from the Secretary, Insurance Committee, submitting for orders, Resolution 4 of the Committee passed in their meeting held on the 31st January 1914, on the subject of payment of fees to Medical Officers examining proposers for insurance.

NO. FL. 2146-8—B. 38-13-2, DATED BANGALORE, 18TH NOVEMBER 1914.

ORDER THEREON.—The question of remunerating the Medical Officers for examining proposers for insurance under the State Life Insurance Rules has been pressed on the Government more than once. It was last considered in the year 1911, when the Insurance Committee preferred to postpone its consideration till after another Actuarial valuation had been made.

2. The recent report of the Actuary on the finances of the State Life Insurance fund as on 30th June 1912, being favourable, the Insurance Committee resolved, at the meeting of the 30th January 1914, that the memorandum relating to the question be submitted to Government for such orders as may be deemed necessary, the fee to be paid for a detailed medical examination for further or optional insurance only and to be fixed at Rs. 3.

3. The Insurance Fund being found to be in a flourishing condition Government consider it only fair to remunerate the Medical Officers to a limited extent and they are accordingly pleased to approve of the recommendation of the Committee and direct the payment in future of a fee of Rs. 3 to Medical Officers for each detailed examination of proposers for further or optional insurance.

OFFENCES UNDER THE COFFEE STEALING PREVENTION REGULATION.

1. During the season under review, there were no cases under this special Regulation in the Kadur District, but the only case reported from the Yeslur Range in the Hassan District was, after investigation, reported to the Manjarabad Taluk Magistrate on B Form which was pending orders.

OFFENCES UNDER THE INDIAN PENAL CODE.

2. The number of coffee thefts reported under the Indian Penal Code was 14 (10 from Kadur and 4 from Hassan). Including the 17 cases which were pending at the close of the preceding season, 31 cases were dealt with by the Police. Of these, 1 was refused investigation, 8 were struck off on B Form, 3 ended in conviction and 6 were acquitted or discharged. The remaining 13 cases were pending—8 with the Police, and 5 before the Magistrates—3 on A Forms and 2 on B Forms.

Persons.—Thirty-four persons including the 9 from the preceding season were prosecuted, of whom 15 were convicted, 14 were acquitted or discharged and 5 were undertrial.

LOAN OF POLICE.

3. The services of 8 policemen had been lent to the planters in the Hassan District. No requisition was received from the Kadur District.

Note dated 18th June 1914 from the Public Works Secretary submitting a Memorandum of improvements to be carried out in the Mysore City.

No. 3702-9—ML. 163-14-1, DATED BANGALORE, 6TH NOVEMBER 1914.

ORDER THEREON.—A number of works, both large and small, required for the improvement of the Mysore City has been under the consideration of Government for some time past. The more important and urgent of these works and the action to be taken in reference to each are indicated in the accompanying abstract statement. There are three departments or officers concerned with these works, namely the Public Works Department, the Mysore Trust Board and the City Municipal Council; and the statement shows specifically, with reference to each work, what officer is responsible for its completion and within what time.

2. The Chief Engineer, and through him the Chairman, Mysore Trust Board, and the President of the City Municipal Council, are requested to submit a report of progress made on the several works by the 1st January 1915; and, thereafter, once a quarter till each question is finally dealt with and sanction to the project accorded by competent authority and funds are arranged for. Should there be any difficulty in giving effect to any of the orders detailed in the statement, timely intimation should be given to Government and an extension of time, or a modification of the order, as may be necessary, asked for.

3. In the case of each item of work entered in the statement, a succinct preliminary report accompanied by rough plans and estimates, where necessary, should be prepared and administrative sanction obtained. Preparation of detailed plans and estimates may then be put in hand. This applies only to works for which projects have not been prepared yet.

4. The marking out of a thousand sites for small houses or for poor families in the proposed Chattanhalli Extension is a matter of urgent importance and should receive the special attention of the Chairman of the Trust Board. Plans indicating the sites and the terms on which the sites would be available to the public to build on should be determined with as little delay as possible and submitted for the approval of Government.

5. The Public Works Department will be requested to sanction estimates and start work, without delay, on the new block in the Indian Guests' Quarters, the proposed Travellers' Bungalow and the Representative Home.

Representative Assembly Subject No. 214 of 1913, and the reply of Government thereto.

SUBJECT NO. 214.

House building and sanitation of inam villages in the vicinity of Railway stations and Municipalities.

Mr. S. R. Balakrishna Rao, Shimoga Municipality.

Summary of discussion.—No control is exercised at present as regards the building of houses and the general sanitation of inam villages in the vicinity of Municipal towns and Railway stations. It is therefore suggested that (1) in the case of inam villages within five miles from Municipal towns, the Municipalities concerned may be invested with powers for the regulation of house building and the sanitation of these villages; and (ii) in the case of villages near Railway stations, the same powers may be allowed to be exercised by the Deputy Commissioners.

Reply of Government.—Will be considered.

No. 3828-37—ML. 394-13-2, DATED BANGALORE, 12TH NOVEMBER 1914.

ORDER THEREON.—Government observe that the objects with which the representation has been made can be attained by a proper enforcement of the rules under the Village Sanitation Regulation and there is no need to confer additional powers upon Municipalities or Deputy Commissioners as suggested. Deputy Commissioners of Districts are requested to take action immediately to introduce Village Sanitation Rules into all inam and other villages containing 25 houses and upwards wherever they are not already in force. Government are also pleased to permit Deputy Commissioners to relax the limit and extend the rules into all villages in close proximity to populous towns or important Railway stations irrespective of the number of houses in the village whenever such a step is found necessary in the interests of sanitation of the neighbouring localities.

Correspondence ending with letter No. 14, dated 30th September 1914, from the Deputy Commissioner, Hassan District, soliciting instructions whether the system of farming out the collection of the duties or fees now levied on sheep and goats, bullocks, cows, buffaloes, calf, brought for slaughter within the limits of the Hassan Municipality, may be continued or should be abolished.

No. 4335-42—Ml. 367-13-6, DATED BANGALORE, 30TH NOVEMBER 1914.

ORDER THEREON.—In the correspondence read above, the Deputy Commissioner is unable to State whether the tax now levied is Octroi duty or slaughter-house fee. But judging from the animals on which it is levied, the rates at which it is levied, and the place where it is levied, Government have no doubt it is Octroi duty, and are accordingly pleased to direct that the system of farming out its collection, which is in contravention of the instructions contained in the Chief Commissioner's Proceedings No. 2627—Ml. 227 of 26th October 1877, be discontinued immediately or with effect from 1st July 1915, if the right of collection for the current year has already been leased out.

2. With reference to the animals on which the duty is levied, Government observe that sheep and goats are the only animals on which the duty can properly be levied under the Chief Commissioner's Proceedings No. 3362-73—Ml. 161, dated 27th September 1879. The Deputy Commissioner is requested to report the authority under which fees are being collected on the other animals mentioned in his letter.

3. The Deputy Commissioner is also requested to report whether there is a Municipal slaughterhouse in Hassan, whether any fee is being levied therein, and, if so, under what authority, at what rates and how the same is being collected.

4. Government observe that confusion and complications of the kind brought to notice arise out of the fact that some of the taxes, duties and fees are levied under the old Chief Commissioner's Orders and some under the Mysore Municipal Regulation. The Deputy Commissioner is requested to take steps without further loss of time to frame suitable Octroi and other bye-laws to regularize all the taxes, fees, etc., now levied, under the Mysore Municipal Regulation.

5. The Deputy Commissioners of other Districts are also requested to take necessary action for the rectification of mistakes of the kind under advertence, if any, in the Municipalities in their districts.

No. 4144 Mi. 99-14-2

DATED BANGALORE, 23RD NOVEMBER 1914.

FROM

D. M. NARASINGA RAO, ESQ., B.A., B.L.,

Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

To

RAJASABHABHUSHANA, DEWAN BAHADUR,
K. P. PUTTANNA CHETTY, ESQ.,

President, Municipal Council, Bangalore City.

Sir,

With reference to your letter No. 10, dated the 12th July 1914, requesting sanction to the formation of 23 Municipal Committees for various purposes in the Bangalore City, I am directed to state as follows.

2. The functions of some of the Committees contemplated by you fall outside the scope of the legitimate work of a Municipality as laid down in the Municipal Regulation. So, it is a matter for consideration whether the Municipal activities should not be separated from activities of other classes. Attached hereto is a list* in which an attempt is made to group the activities under three distinct heads, *viz.*, Municipal, Economic and Social and Miscellaneous.

3. The Municipal Council may appoint, and control the working of, the first 9 Committees on the list including Education. A Committee for Law does not find a place in the list; but for this subject and also for any other matters not included in the list, which may require similar special investigation, Committees may be appointed by the Municipal Council under Section 30 of the Municipal Regulation.

4. Separate agencies will have to be constituted for looking after the remaining 9 Committees, and for this purpose, I am to suggest that a City Progress Committee be appointed on the lines laid down in Government Order No. G. 1-54 —G. M. 55-12-208, dated 14th June 1913. The economic activities falling under items 10 to 13 on the list will come directly under the supervision of this City Progress Committee. The Progress Committee may also arrange for the formation of Committees, Nos. 14 to 18 under "Social and Miscellaneous" activities; but it is desirable that the development of this last class of activities should be left to the Committees constituted for the purpose and to the public who sympathise with them.

5. The Progress Committee may be allowed the privilege of making representations to the Municipal Council regarding the working of the Municipal Committees referred to in paragraph 3, and other matters connected with the development of Municipal activities. Save in this respect and in another which will be referred to in the sequel, the Progress Committee will have no direct control over the activities classed under "Municipal."

6. The members of the Progress Committee have to be thoroughly representative and it might be desirable for this purpose to appoint at least three of the members from the Municipal Council. It is understood that you are in favour of appointing the President and Vice-President of the Municipal Council as the President and Secretary, respectively, of the Progress Committee, with three Municipal Councillors and five other leading citizens as its members. Government have no objection to this suggestion and will be glad to have your recommendations regarding the persons to be appointed as members. Government have no doubt that you will recommend only gentlemen who may be depended upon to do

* *Vide* Appendix A.

active and zealous work during the year and who have the desire and the inclination to undertake such work. A set of rules framed for the transaction of business in the Committees is forwarded herewith for your suggestions and remarks, if any. These rules may be provisionally adopted at once by the Committees and from the experience gained after working for a year, fresh rules may be framed, if necessary.

7. Under the rules in force, a grant of Rs. 100 will be made by Government if the Progress Committee is able to raise, by voluntary collection, a sum of not less than Rs. 100 per annum. Government are prepared to increase the grant to Rs. 500 for the Bangalore City if a like sum is collected by the Central Progress Committee. It is expected that with this nucleus, the Progress Committee and the separate Committees will collect, by independent effort, further large sums which will be necessary for carrying on their work.

8. A brief account of the work done by the Committees under the control of the Municipal Council may be forwarded once a year to the Central Progress Committee with a view to its incorporation in the annual report to be submitted to Government under paragraphs 26 and 27 of the Government Order referred to above.

9. It is hoped that all activities of every description in the City will be brought under the purview of one or other of these Committees and that the latter will work unremittingly for the healthy development of the activities concerned and the prosperity of the people engaged in them.

I have the honor to be,
Sir,
Your most obedient Servant,

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

MEMO No. 4692-708—ML. 99-14-3, DATED THE 14TH DECEMBER 1914.

Copies of the above are forwarded to Deputy Commissioners of Districts, President, Mysore City Municipal Council, and Presidents of other Municipalities for information.

By Order,

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

ACTIVITIES IN THE BANGALORE CITY.

Rules for the transaction of business by City Committees.

1. The work relating to each of the 18 subjects included in the list of activities hereto *appended must be carried on by a separate small Committee appointed for the purpose.

2. The Municipal Council will appoint Committees for dealing with all subjects classed as "Municipal" and any other subject the control of which is entrusted to them by Government.

3. The Committees for the other main groups, *viz.*, "Economic" and "Social and Miscellaneous" will be appointed by the Progress Committee.

4. Each Committee will consist of not more than three persons. Care should be taken to appoint only those who have both the inclination and the leisure to perform the allotted work.

5. The Members of the separate Committees will hold office for one year. The same members of a Committee may be reappointed at the discretion of the Progress Committee or the Municipal Council, as the case may be.

6. The Committees constituted for "Municipal" activities will work generally under the control and guidance of the Municipal Council and those under "Economic", of the Progress Committee. The Committees coming under "Social and Miscellaneous" will ordinarily work on lines laid down by themselves and the public who may sympathise with them.

7. The Committees shall ordinarily meet in the premises of the Municipal Office or at such other convenient centres of the city, as may be appointed for the purpose.

8. The Committees shall meet at least once a month and oftener, if necessary.

9. The work of the Committees shall be:—

(i) to collect statistics as regards the population engaged in each activity, its condition and, where necessary, earning power, etc.;

(ii) to collect and maintain up-to-date information regarding the condition of similar activities or professions in more advanced countries;

(iii) to collect and maintain a fund for promoting the objects of the Committees;

(iv) to spread information and sound ideas among the people and to develop practical schemes for improving the standards of work and of living, the earning power and the material and moral condition of the communities following the profession or activity concerned;

(v) to examine from time to time the existing condition, the needs, the disabilities, etc., of each profession or activity and to suggest the means of providing the wants and remedying the defects noticed; and

(vi) to issue a succinct report, once a year, on the condition of the communities concerned and the work done during the previous twelve months.

10. A fund consisting of purely voluntary subscriptions shall be started by each Committee for carrying on its work. Every Committee shall maintain accurate accounts of the receipts and expenditure incurred by it and shall furnish periodically or at the end of every quarter an abstract of such receipts and expenditure to the controlling authority.

11. Before the beginning of each year, every Committee should prepare a programme of the work to be attended to during the ensuing year and adhere to it as far as possible. It is important that the Committee should concentrate its attention on a few specific items of practical work in addition to its other work of investigation and collecting and spreading useful information.

12. A brief annual report not exceeding a foolscap page of printed matter, giving an account of the work done during the year and a general review of the condition of the activity or profession at the end of the year with suggestions for

---

improvement, shall be prepared by each Committee and submitted to the Progress Committee before the 31st March, every year, to enable the latter to submit a consolidated report to Government at the end of April.

These reports shall be written both in English and Kannada and shall be printed and published for general information.

2. Letter No. G. 10, dated the 7th July 1914, from the Senior Surgeon bringing to notice that, while Rule 8 of the rules issued with the above order requires that two sureties should join in the execution of the bond, there is nothing to that effect in the form of the covenant prescribed in the Government Order.

No. 4208-9—MED. 250-12-8, DATED BANGALORE, 25TH NOVEMBER 1914.

ORDER THEREON.—The Government Advocate, who was consulted in the matter, states that the spirit of the rules will be satisfied if the sureties are called upon to attest the covenants executed by Medical Pupils as Witnesses. Government direct that this suggestion be adopted and a bond in the from appended be taken from the sureties, in addition to the covenant of the Medical Pupils. Proceedings of the Government of His Highness the Maharaja of Mysore, General (Press), dated 2nd November 1914.

READ—

Letter No. 232, dated 12th August 1914, from the Superintendent, Government Press, submitting the Report on the working of the Government Press, the *Mysore Gazette* Office, the Office of the Registrar of Authorised Publications in Mysore, for the year 1913-14

No. G. 4317—G. P. 9-14-3, DATED BANGALORE, 2ND NOVEMBER 1914.

ORDER THEREON.—Recorded.

2. *Additions to plant.*—During the year under review, one "Caxtonette" platen printing machine, crown folio, with necessary shaftings, etc., was purchased at a cost of Rs. 1,416-12-0 and added to the stock. 4,927 lbs. of type worth Rs 6,021-4-4 were also purchased and 13,612 lbs. of type and metal furniture valued at Rs. 6,350-4-2 were cast in the Press and taken credit in the Press stock. The amount spent on repairs to the Press machinery shows an increase for which no explanation is given.

3. *Outturn of work.*—There has been an appreciable diminution in the volume of work turned out in the various branches of the Government Central Press. This is explained by the fact that the improved equipment of the Branch Press at Mysore has been enabling it to relieve the Central Press of a portion of its work.

4. *Expenditure on printing.*—The expenditure on the Government Central Press at Bangalore, including book debits, amounted to Rs. 1,42,443-9-8 as against Rs. 1,40,882-9-7 in the previous year. The maintenance charges of the Government Branch Press at Mysore were Rs. 6,048-14-1 against Rs. 5,349-3-4. The question of reduction of expenditure on printing work done for Government Departments is under consideration.

5. The two Press Probationers who are under training in England are reported to be making satisfactory progress in their studies.

6. The addition of a frontage to the Press Buildings was completed during the year and it has greatly improved the appearance of the structure from the important road which it faces.

7. Government are glad to observe that the Superintendent has taken definite steps to improve the literary equipment of the workmen employed in the Government Press.

8. *Registration of books.*—During the year 117 books and periodicals were registered against 128 in the previous year: and copyright was secured in the case of 66 works resulting in a payment of Rs. 132 as fees therefor against Rs. 158 in the previous year.

9. *The Mysore Gazette.*—The number of subscribers to the Gazette during the year was 831 as against 644 in the previous year and the subscriptions amounted to Rs. 2,838-13-6 against Rs. 2,456-9-0 in the previous year.

10. It is disappointing that the arrangements made for providing instruction in the Press to employees and others out of office hours have not received a sufficient response. The Superintendent expects better results from the day classes newly sanctioned. Government trust that the importance of the facilities afforded for training in printing by providing a new occupation will be better realized and the opportunity availed of by a sufficient number of pupils every year.

11. Government are pleased to record their appreciation of the efficient manner in which the Press was maintained by Mr. Yates, during the year.

GENERAL RULES OF OFFICE PROCEDURE.

CHAPTER I

Organisation and Discipline.

Division into branches.

1. The work of every office should, if possible, be specifically divided into definite sections or branches.

Duties of the head of each branch.

2. The official in direct charge of the branch should be held responsible for its general efficiency He must, among other matters, see that the clerks under him are fully employed; that cases are punctually and properly submitted; that the routine duties are carried out thoroughly and regularly; that the rooms of the branch are kept neat and tidy and that the files and papers are preserved in proper order.

Distribution of work.

3. The head of every branch should, under the orders of the officer in charge of the office, maintain a record of the distribution of the work among the members of the clerical staff. Ordinarily the work of every clerk will be that allotted to him but he will be bound to undertake by working overtime, if necessary in time of stress, any other work of the branch which may be assigned to him by the head of the branch or other competent authority.

Establishment list.

4. An up-to-date list should be maintained of the establishment, both clerical and menial of the office.

Working hours.

5. Each office may appoint its hours of work according to its convenience. Where no other specific hours of attendance are appointed with the sanction of Government, the ordinary office hours will be from 11 A.M. to 5 P.M.

Attendance.

6. An attendance register will be maintained either for the whole office or separately for each branch thereof.

Confidential nature of official information.

7. Official information should not be divulged or official documents copied for private or non-official use. Except with the permission of the Head of the Office, no official paper should be taken home.

Certificate.

8. No certificate shall be given to any member of the office establishment except under the signature of the Head of the Office.

CHAPTER II.

Order of Business.

Registers.

9. For the registration of papers received or sent out every office should maintain the following registers:—

(1) 'From' Registers (Registers of receipts).

(2) 'To' Registers (Registers of letters issued).

(3) Peon Book (Register of covers delivered by messenger).

(4) Tappal Book.

10. On every paper received the chief ministerial officer or head of the branch shall note with his initials, the number of days within which it should be submitted, duly referenced, for orders. For proper reasons an extension of the time first prescribed may be granted in writing.

Marking nature of papers.

11. (i) In order to regulate the proper treatment of papers, the following classification should be made of all papers other than the ordinary or routine:—

1. Important.

2. Urgent.

3. Immediate.

4. Confidential.

(ii) Papers requiring the attention without delay of the persons to whom they are addressed whether at the office or at their private residence should be marked "Urgent." Those requiring instant attention should be marked "Immediate" and placed at once in the hands of the persons to whom they are addressed whether by night or by day.

(iii) Papers requiring more than the usual personal attention of the ordinary authority should be marked "Important."

(iv) The marking should be made either by the Head of the Office, his office assistant, if any, or chief ministerial officer.

Confidential papers.

12. (i) When any paper is marked "Confidential" the Head of the Office or other officer so marking it shall indicate by whom it shall be dealt with and the official so indicated shall be held responsible for the maintenance of secrecy.

(ii) The entries of confidential papers in the office registers should be made from slips furnished by the chief ministerial officer or head of the branch who deals with the papers and should be very general, sufficient merely to admit of the papers being traced.

(iii) Confidential papers must be kept in the personal custody of the chief ministerial officer or the head of the branch until orders are obtained for their transfer to the Record Room.

(iv) When confidential papers are sent out of the office, they should be put in double covers, the inner one being sealed and marked confidential and superscribed only with the name of the addressee and the outer one bearing the usual official address.

Despatch.

13. Papers must be despatched on the day they are signed or the following day. Abnormal delay in the issue of letters must always be reported to the Head of the Office by the chief ministerial officer whose duty it shall be to check the despatch register once a month.

Pending papers with clerks.

14. Every clerk shall prepare once a month a list of references pending with him classified under the following heads:—

(1) Pending for less than a week.

(2) Pending for more than a week but less than a month.

(3) Pending for more than a month but less than two months.

(4) Pending for more than two months.

Reasons for delay and the fact whether extension of time has been obtained should be stated wherever necessary.

Unanswered reference lists.

15. It shall be the duty of the heads of branches or in the case of small offices, the chief ministerial officer, to collate these individual statements and prepare a consolidated statement for the whole branch or office and submit the same not later than the 5th of the month succeeding the one to which it relates.

Unanswered reference lists from subordinate offices

16. Similar lists in subordinate offices, if any, should be called for and scrutinized before the 15th of the succeeding month and all cases of unusual or unnecessary delay should be promptly and suitably noticed.

Reports and returns.

17. A list of the reports and returns due from the office should be maintained.

Standing orders.

18. A complete list of the standing orders of Government relating to the work of the office and of the Manual of instructions issued by the Administrative Department to which it is subordinate should be maintained in every office. It should be revised and kept up to date with a table of contents and index for facility of reference.

CHAPTER III.

Library

19. All books and periodicals belonging to the Library of each office should be placed under the charge of the Head Clerk or some one responsible official and kept where practicable in a separate room.

20. A catalogue of the office library will be prepared and revised from time to time.

21. No book should be lent to strangers without the permission of the Head of the Office.

22. A receipt must be taken from any person removing a book, to be returned to him or cancelled when the book is returned.

Duties of Librarian.

23. The duties of the Librarian shall be :—

(1) to take charge of all books and publications made over to him ;

(2) to maintain the library catalogue up to date by entering therein all receipts immediately ;

(3) to correctly label all receipts and deposit them in their appropriate places ;

(4) to keep series of serial publications in a separate file till they are complete for being bound and to take orders for binding collections ;

(5) to insert correction slips in volumes of enactments, rules, etc ;

(6) to report loss or injury and to promptly obtain orders about replacement or repair ;

(7) to submit monthly reports of books removed and not returned ;

(8) to maintain a register of books and publications received ;

Responsibility.

24. Every officer upon receiving charge of an office to which a library is attached must satisfy himself as to the state of the Library. Unless he then reports that the books are out of order it will be assumed that he received the library in good order and he will be held thenceforward personally responsible for any defect.

CHAPTER IV.

Cash, Pay Bills, etc.

Cash transaction.

25. An official of sufficient status should look after the cash transactions in each office and should maintain the following registers :—

(1) Cash book for entering daily receipts and expenditure of all kinds.

(2) General ledger or classified abstract of the monthly totals of the cash book.

(3) Contingent register.

(4) Order book for contingent charges.

(5) Acquittance roll.

Acquittance roll

26. The acquittance roll is a record of salaries and allowances disbursed to the establishment and of the receipts taken from the payees in acknowledgment. It should be drawn after approval of the pay bills.

Scrutiny of acquittance roll

27. The acquittance roll should be examined every month by the Head of the Office or other officer deputed by him for the purpose who should satisfy himself that proper receipts have been taken for all sums disbursed and that the bills and payments have been posted in the cash book.

Custody of cash.

28. Office funds must be deposited at the close of each day in the cash chest the key of which should be kept by the official entrusted with and held responsible for cash transactions. He shall be forbidden to keep office funds in his personal possession or mixed up with private money.

Guarding cash.

29. When other arrangements for safe guarding treasure do not exist, one of the servants must sleep at night in or near the room where the cash is kept and when the amount in the cash chest exceeds Rs. 500 two men should be deputed for this duty.

Furniture list.

30. A register should be maintained in each office showing the articles of furniture together with details as to the cost and date of purchase of each. When any article is lost or becomes unserviceable, the fact should be noted in the register. Once a quarter the furniture register should be verified and the result reported to the Head of the Office.

Stationery register an indents.

31. A register of articles of stationery recieved and issued should also be kept in every office. The stationery register should be submitted monthly for the inspection of the officer in charge and verified by stock-taking once a year.

Custody of stationery

32. The stock of stationery and forms in each office should be under the charge of the chief ministerial officer or some clerk deputed by him. Supplies should be issued to the various clerks on monthly indents made by them in a general indent book in which their acknowledgment should in each case be obtained.

The Report of the Officer in charge of Archæological Researches in Mysore on the working of his department during the year 1913-14.

No. G. 5191-200—G. M. 175-14-6, DATED BANGALORE, 23RD NOVEMBER 1914.

ORDER THEREON.—Recorded.

2. A resurvey was made of parts of the Malur and Chikballapur Taluks during the year under review, resulting in the discovery of nearly 200 new records, of which, two plates obtained at Chikballapur and Nandi are reported to be of historical importance.

3. Owing to pressure of literary and other work at headquarters, Mr. R. Narasimhachar was unable to undertake prolonged tours; but he did some itineration in the Mysore, Kolar, Shimoga and Bangalore Districts, comparing and verifying records already collected with reference to the originals.

4. It is reported that in some cases valuable inscriptions have been destroyed by the indiscriminate blasting of rocks on which they were engraved. Government are pleased to direct that in granting quarrying licenses in future, all rocks containing inscriptions of any value be carefully excluded from the operations.

5. Local officers should also guard against the deterioration of artistic structures by rank vegetation. The Archæological Officer will bring cases of structures requiring protection to the notice of Deputy Commissioners.

6. Government are glad to observe that the report under review maintains the same high level of interest and scholarly research as its predecessors.

Government Order No. G. 8089-105—G. M. 346-06-1, dated the 26th June 1907, prescribing the submission of confidential reports regarding the work done by graded officers.

2. Government Order No. G. 5986—G. M. 258-10-1, dated the 19th April 1911, requiring the submission of such reports in the case of Educational officers of the grades AI and AII and special classes.

No. G. 5256-93—G. M. 233-14-1, DATED BANGALORE, 23RD NOVEMBER 1914.

ORDER THEREON.—The confidential reports prescribed in the Government Orders read above are submitted only in the case of officers of certain Departments named therein. Even in the case of these officers the reports, in the form now adopted, do not sufficiently serve their intended purpose owing to various reasons. The heads of information prescribed are general and inadequate; and the opinions, often laconically recorded by the reporting officers, convey no adequate idea to the Government of the character and work of the officers concerned.

2. With a view to remove these defects and to extend the scope of these confidential reports and to promote their utility, while safeguarding the interests of the officers reported upon, Government are pleased to prescribe the annexed form of report with suitable instructions for preparing the same.

3. A statement showing the reporting officers, the officers to be reported on and the mode of transmission of the reports is also appended hereto for the information and guidance of the officers concerned.

4. These reports should be submitted to Government half-yearly on or before the 20th July and the 20th January of each year. It is requested that the current half-year's report may be submitted on the new form.

Government Order No. G. 1298-302—G. M. 36-09-3, dated the 30th August 1909, sanctioning the appointment of a Military Secretary to His Highness the Maharaja of Mysore and placing him in charge of Kunigal Stud Farm, Amrit Mahal Department, Government Houses and Entertainments.

2. Government Order No Mily 117-9—23-10-1, dated the 25th July 1910, placing the command and administration of the Mysore Imperial Service Transport Corps under the Military Secretary to His Highness with effect from 1st August 1910, for conversion of the Corps into a Bullock Train.

3. Government Order No. G. 3309-56—G. M. 179-10-6, dated the 30th November 1910, investing the Military Secretary to His Highness the Maharaja with the powers of a Secretary to Government in the Departments under his administrative control.

No. G. 4351-400—MILY. 9-14-1, DATED BANGALORE, 3RD NOVEMBER 1914.

ORDER THEREON.—In order to enable the Military Secretary to His Highness to devote more time and attention to the supervision of the Departments under his control, the Government of His Highness the Maharaja are pleased to direct that, with effect from the 16th November 1914, the Secretariat functions assigned to him by the Government Order of the 30th November 1910 be retransferred to the General and Revenue Secretary.

2. The Military Secretary to His Highness the Maharaja will, however, continue to supervise, inspect and control the marginally noted departments, with the ordinary powers of a Head of a Department. In all matters requiring the orders of Government or necessitating a reference to the Officers of the British Government, he will address the Government in the General and Revenue Departments.

1. Imperial Service Transport Corps
2. Government Stables.
3. Kunigal Stud Farm.
4. Hessarghatta Grass Farm.
5. Government Houses and Entertainments.
6. Amrit Mahal Department.

3. Owing to the transfer of the Military Secretariat work to the General and Revenue Secretariat two additional clerks, one in the first division and the other in the second, will be temporarily entertained in the latter office, the cost being met this year by reappropriations.

4. With a view to promote despatch of work, the Military Secretary to His Highness the Maharaja is authorised, as a special case, to purchase, in connection with the Entertainments at Government House, stores, provision and other articles of a perishable nature, within the budget grants, on his own authority. The sanction of Government to such purchases is not necessary but they should be made in strict conformity with the rules prescribed in Government Order No. Fl. 2760-809—G. F. 214-10-88, dated the 23rd December 1913.

5. Tenders received for the supply of articles required by the various departments under the Military Secretary to His Highness will be submitted to Government as early as possible with a tabular statement containing his opinion.

6. Previous sanction of Government will be necessary for contracts for catering, purchase of furniture and vessels, issue of special clothing, improvements to buildings, despatch of any detachment of Transport Corps or Government Stables beyond Headquarters and entertainment of temporary hands, beyond the regular establishment.

7. A return of fresh appointments and promotions will be submitted every quarter in accordance with Government Order No. R. 6765-804—L. R. 103-05-11, dated 5th December 1905.

General (Military), dated 3rd November 1914.

8. Grant of good service allowance in the Stud and Hessarghatta Farms should be guided by definite rules which may be drafted and sent up to Government for orders.

9. A consolidated statement of expenditure incurred during the occasions of Birthday and Dasara should be submitted within two months after each entertainment is over.

10. The old Secretariat records of the late Military Assistant's Office from 1897 to 1908 and of those of the Military Secretary's Office from November 1910 should be transferred to the General and Revenue Secretariat.

READ—

Government Order No 6590-2—Edn. 82-12-4, dated 30th December 1913, revising the scale of pay of Educational officers belonging to Direction, Inspection, Colleges, High Schools and Anglo-Vernacular Schools.

2. Letter No. 14793—746, dated 14th May 1914, from the Inspector-General of Education in Mysore, submitting his proposals for allocating the existing officers of the five Branches of the Education Department referred to above, in the new grades.

No. 1261-2—EDN. 407-13-11, DATED BANGALORE, 11TH NOVEMBER 1914.

ORDER THEREON.—Government are pleased to sanction an additional appointment among Assistant Professors on Rs. 200—20—300 against a vacancy on Rs. 175. This will be treated as supernumerary and absorbed on the occurrence of the next vacancy in that grade.

2. The allocation of the officers as approved by Government is shown in Appendix A.

3. Certain officers now working in institutions not covered by the Government Order dated 30th December 1913, *e.g.*, Maharani's College and the Training College, are shown in that list. After the orders about the reorganization of the staff of these institutions are given effect to, the final allocation of those officers in one or other of the branches of the Department will be settled.

4. The Inspector-General has proposed certain *sub pro tem* arrangements in the places of officers above referred to and others whose services have been lent to other Departments, and also in consequence of certain vacancies. They are also approved as shown in Appendix B.

5. This order will have effect from 1st January 1914.

6. All Assistant Professors, Head Masters of High Schools and District Inspectors of Education will in future be treated as Gazetted Officers.

7. As regards Mr. Venkatachar, Kannada Translator, who held the special grade of Rs. 100 – 10 – 150 when he did duty as such and has been transferred from that post for reasons of health, retaining the old grade of Rs. 100 - 150, a separate order will be passed on receipt of further information called for from the Inspector-General of Education.

Para 6 of Government Order No. 7086-7—Edn. 251-12-2, dated 5th March 1913, reserving for separate consideration the proposals of the Inspector-General of Education in the matter of improving the pay and the prospects of the masters in the ten Anglo-Vernacular Schools maintained from the Village School Funds, six Anglo-Hindustani Schools and the Vernacular Boys' and Girls' Schools, excepting Taluk Hindustani Girls' Schools.

2. Correspondence ending with memo dated 24th January 1914, from the Inspector-General of Education, submitting revised proposals affecting 3,066 teachers and involving an additional cost of Rs. 84,729$\frac{3}{5}$ per annum as against an increase of Rs. 46,332, originally proposed, and stating that the increased cost is due to further revision in the light of the scales of pay sanctioned for the Anglo-Vernacular School Masters in Government Order No. 6590-2—Edn. 82-12-4, dated 30th December 1913.

No. 1307-9—EDN. 82-12-6, DATED BANGALORE, 13TH NOVEMBER 1914.

ORDER THEREON.—In Government Order No. 6590-2—Edn. 82-12-4, dated 30th December 1913, sanction was accorded to the revision of the scales of pay of educational officers under the classes of Direction, Inspection, Colleges, High Schools and Anglo-Vernacular Schools maintained from State Funds. The present proposals are in respect of the School Masters of Anglo-Hindustani Schools, Anglo-Vernacular Schools maintained from Village School Funds and Vernacular Boys' and Girls' Schools, except Taluk Hindustani Girls' Schools, which are few and yet in a transitory state.

2. The existing and the proposed scales of pay of the 3,066 teachers affected by these proposals are shewn below:—

Total extra cost . Rs. 84,857½ per annum.

3. The large additional expenditure of Rs. 84,857½, per annum, is due to the creation of new grades carrying increased rates of pay and to the redistribution of the teachers in the several grades. The chief increases are under Village Elementary Boys' and Girls' Schools which employ no less than 2,379 teachers.

4. Government agree with the Inspector-General of Education in the view that the improvement of the existing scales of pay is necessary to secure a more efficient class of teachers and are accordingly pleased to sanction the proposals of the Inspector-General of Education in their entirety with effect from the 1st October 1914.

5. Government further direct that it should be recognised as a standing rule, that unpassed teachers should not ordinarily get more than Rs. *ten* per mensem, nor untrained men more than Rs. *fifteen* per mensem.

Proceedings of the Government of His Highness the Maharaja of Mysore, Education and Agriculture (Agriculture and Industries), dated 24th November 1914.

Resolution of the Birthday Session of the Economic Conference held in 1914, recommending that a monthly or quarterly Journal of the Economic Conference be published both in English and Kannada containing original matter and extracts, etc., relating to subjects dealt with by the Conference.

2. Memorandum by the Secretary, Economic Conference, submitting a scheme for the publication of a Journal.

No. 1444-90—A. & I. 86-14-1, DATED BANGALORE, 24TH NOVEMBER 1914.

ORDER THEREON.—One of the important duties assigned to the Conference was the spreading of information and enlightenment among the people by bulletins and other means. Since the year 1911, the Central Committees have been issuing bulletins both in English and Kannada containing useful matter on subjects connected with Agriculture and Industries and Commerce. But these publications appear at intervals as matter becomes available. With a view to spread sound ideas systematically on economic subjects, to co-ordinate activities relating to Education, Agriculture and Industries and Commerce and to maintain a continuous record of the work done by the District and Taluk Progress Committees, it is now deemed desirable to publish a monthly Conference Journal. The subject has been engaging attention ever since the Conference was started. The Conference of 1914 discussed the subject at length and passed a resolution recommending the starting of a Conference Journal.

2. A scheme has been prepared by the Secretary, Economic Conference, in consultation with persons having journalistic experience, which gives in detail the establishment required and expenditure needed for starting the Journal. Government approve of this scheme and are pleased to sanction it for a period of three years in the first instance. The Secretary to the Economic Conference will take all necessary further action for the publication of the Journal from the 1st of January next.

3. The expenditure in connection with the Journal for the current year will be met out of the provision of Rs. 21,000 under "C. Itinerant lecturers and publications of articles" in the budget of the General Conference.

Letter No. 730—Ml. 414-13, dated the 18th July 1914, from the Secretary to Government, General and Revenue Departments, calling attention to Dasara Subject No. 386 of 1913, about the nuisance caused by the refuse water issuing out of the Mysore Tannery at Bangalore.

2. Note dated the 27th October 1914, by the Chief Engineer submitting, for orders, an estimate amounting to Rs. 17,660 for laying a pipe-sewer to lead the Distillery and Tannery refuse to Pantarkatte, a minor tank, at a distance of about two miles from the Central Distillery.

No. 1962-8—10413-9, DATED BANGALORE, 16TH NOVEMBER 1914.

ORDER THEREON.—The question of determining the easiest and cheapest mode of disposal of the combined liquid waste of the Mysore Tannery and the Government Central Distillery at Bangalore has been under consideration for some time. These effluents mingle and enter the natural stream below the Distillery building and, besides fouling the water of the stream and making it unfit for use by men and cattle, emit a noxious smell which is a great public nuisance to the southern and western extensions of the Bangalore City. The question of a remedy was considered by the Public Works Department in consultation with the District Magistrate and Mr. A. Chatterton, and it was decided to lead the Distillery and Tannery refuse by means of a pipe to Pantarkatte, a minor tank, two miles off the Distillery building.

2. The estimate prepared for the purpose, which provides for the marginally noted items of work, is sanctioned for Rs. 17,660. The work should be put in hand immediately, pending allotment of requisite funds later on in the year.

	Cost in Rs.
1. Laying a 9" pipe sewer with manholes ...	10,536
2. Iron pipe sewers across valleys 1,505 feet.	6,020
3. Minor works	262
4. Contingencies	842
Total ...	17,660

3. It was proposed to debit the capital cost of the work to the Mysore Tannery, Limited, and the Government Distillery in the proportion of 7 to 8, which is the ratio of the amount of sewage contributed by each. But as the Tannery authorities have not yet signified their consent to pay their proportionate amount of contribution, the distillery waste alone should, for the present, be led into the tank.

4. The Deputy Commissioner is requested to take the necessary steps to prevent the Tannery refuse flowing into the stream which serves as a source of water-supply to a number of villages.

Government Order No. 160-3—C. P. S., dated 5th April 1913, conveying sanction to the revised rates for electric power supplied for industrial concerns in Bangalore City.

2. Government Order No. 471-5—C. P. S., dated 25th August 1913, reducing the rates for the supply of electric power for industrial concerns.

3. Letter No. 131, dated 9th July 1914, from the Secretary to the Mysore Economic Conference, forwarding a resolution of the last Session of the Conference regarding the reduction in the rates charged for the supply of electric power to small industries.

4. Letter No. 588, dated 27th August 1914, from the Director of Industries and Commerce in Mysore on the same subject, suggesting, among other things, the abolition of the minimum charges for the supply of electric power to industrial concerns, and that when a number of small motors are used, they must be taken as equivalent to a large motor of the aggregate Horse Power of the smaller ones.

5. Note by the Secretary to Government, Public Works Department, recommending that for all motors up to 20 Horse Power the rate be reduced to 1·00 anna per unit and that the minimum charges may be reduced from Rs. 8 to Rs. 3 per month.

No. 722-7—C. P. S., DATED BANGALORE, 26TH NOVEMBER 1914.

ORDER THEREON.—The question of rates for supply of electric power for small industries has been considered by Government on more than one occasion. In April 1913, certain rates were sanctioned and as there were insistent complaints that these rates were too high, a revision was made in the Government Order of August 1913. There is still, however, much complaint that these rates are somewhat high and that they do not afford sufficient incentive for the utilization of electric power for small industries. The subject was discussed at the last Session of the Economic Conference and a recommendation was made to the effect that an enquiry be made as to the amount of electric power available for industrial uses in Bangalore and Mysore, with a view to make electric energy available for private consumers at rates slightly less than the cost of production of power by other means. The subject was also brought forward at the recent sittings of the Dasara Representative Assembly. The Director of Industries has brought a specific instance to the notice of Government to show how the present rates operate unfavourably in the case of small industries. The question has been carefully examined by the Chief Engineer in consultation with the Director of Industries and Commerce.

2. With a view to popularise the use of electric power to small industrial concerns, Government consider it desirable to further revise the rates sanctioned in their order of August 1913 read above and are accordingly pleased to approve of the recommendation of the Chief Engineer, that for all motors up to 20 Horse Power the rate be reduced to 1·00 anna per unit. The suggestion of the Director of Industries and Commerce, that, when a number of small motors are used in any one premises, they may be taken as equivalent to a large motor of the aggregate Horse Power of the smaller ones for purposes of calculating the rate per unit to be charged, is also approved. As regards the minimum charges, Government direct that the charges be waived as a temporary measure until demand for power increases owing to a larger number of installations being set up. Government, however, reserve the power to impose a suitable minimum rate when the available power is taken up and there is demand for more, so as to ensure that power is not allowed to lie idle at call, by certain consumers to the prejudice of others who can make a better use of it. In other respects, the order of August 1913 will continue to be in force.

Public Works, dated 26th November 1914.

3. The revised rates will come into force with effect from 1st December 1914. The Chief Electrical Engineer is requested to describe in his next annual report how far these concessions have resulted in the demand for, and utilisation of, power for small industries.
